ADVERTISING ON THE PUBLIC BROADCASTER

STER IN 2024

MULTI-MEDIAL VOLUME DISCOUNT & CONTRACTS

When entering into a volume contract you immediately receive the discount corresponding with the chosen tier over the entire volume of your expenditure with Ster. This multi-medial discount is set off against the basic rate and is possible from €250,000. The tiers are as follows:

- ▶ €250,000 to €500,000 = 2% discount
- ▶ €500,000 to €1,000,000 = 3% discount
- ▶ €1,000,000 to €1,500,000 = 4% discount
- ▶ €1,500,000 and higher = 5% discount

Volume contracts can be entered into retroactively until 1 April 2024. The discount then applies from 1 January 2024. It is, of course, also possible to purchase campaigns without contracts. The discount is then offered from the moment that a tier has been reached and only applies to the volume within that tier.

GUARANTEED RATE AND PRIORITY ON PLACEMENT

Campaigns that are requested before the initial request deadline for the purchase period are given priority on the reservation of advertising space. In addition, a market index in excess of 100 shall not be applied to these campaigns. Should the market index come out lower than 100, you will also benefit from the lower market index. The initial request deadlines are published at ster.nl/deadlines.

EARLY PAYMENT AND SYSTEM DISCOUNT

The percentages for the early-payment discount and the system discount, as described in the General Terms and Conditions, have both been set at 0.5%. The discount is calculated per medium type per order.

Terms and conditions

The General Terms and Conditions that apply to the 2024 Offer are published at ster.nl/voorwaarden.

REGIONAL PUBLIC BROADCASTERS

Ster has wonderful news: as of 2024 we will provide the national sales on radio and television for the regional public broadcasters.

REACH THE HEART OF THE REGION

The broadcasters see what is happening in the regional community, they present the news and contribute to a stronger sense of cohesion in the region. The 14 broadcasters are committed to reaching a large and varied audience with their public media offering. And they are successful! Every week on average 4.4 million people watch their television programmes and 2.1 million people listen to the radio.

TRUSTED AND COMMITTED

The regional public broadcasters set great store by the provision of news and information and regional culture. Their independent and engaged journalistic approach

not only results in current affairs programmes, but also in successful and entertaining programmes, and reports on special regional events, such as the 4Days Marches, Carnaval and the Rotterdam Marathon.

ADDED VALUE

Advertising on the regional radio and TV channels brings your message to the intended target group. Being able to offer this as of 2024 is a great addition to Ster's existing portfolio. The channels are added nationally: this way you purchase all 14 broadcasters at once. Your account manager can tell you all about it.

STER CLIENT PORTAL

Have you heard of our Ster Client Portal? From campaign overview to broadcasting schedule, from direct application for campaigns to invoices: the Ster Client Portal has it all. In 2024 you have the opportunity to utilise our user-friendly tool once again, for all aspects related to your campaign.

24/7 INSIGHT

As a user of the Ster Client Portal, you have real-time insight into all your campaigns, access to a personal library in which you can find all your material, and you can put all your questions to our planners through the chat.

MACHINE LEARNING PROGNOSSES

In our Ster Client Portal you can get a prognosis for your campaign, based on machine learning. This offers you direct insight into what your campaign can achieve in coverage, without going through an account manager.

Unique, because Ster is the first operator worldwide to offer this for television and radio campaigns.

Would you like to find out more about the Ster Client Portal and all it has to offer? Then go to ster.nl/klantportal and register!

SCORE WITH ORANGE

We are looking forward to the coming calendar year: we hope to see Orange - our national colour and pride - on many winner's podiums. And if you want to score with Orange, you can score with Ster.

GREAT EVENTS, GREAT COVERAGE

Of course, all eyes are on the summer: the European Football Championship and the Olympic Games. Both are really close to home: Euro 2024 is in Germany and the Olympics are being held in France. This means the tournaments can be followed closely in The Netherlands and that is, obviously, good news for your campaigns. You can count on huge coverage, and the (high) ratings for such sporting events will reflect well on your brand.

AN ORANGE CAMPAIGN

If you are considering a special Orange campaign around sports or a sporting event, we advise you to take a look at our whitepaper 'Advertising creation: the power of adapting'. There you will find all the ingredients for a high-impact, thematic commercial. And this can be achieved for any brand, large or small. If your conclusion – whether or not based on research – is that you should not run an Orange

campaign, then simply run your 'regular' commercial around the time that you had envisaged. Running a campaign always pays off; not running one, means you are one step behind your competition.

SCORE THROUGHOUT THE YEAR

There are great sporting events scheduled throughout the year. Speed skating starts off the year, Eredivisie football continues throughout, in the summer we follow the Tour de France and Zandvoort hosts the Formule 1 races. And the NPO brings you all the qualification matches for both the Orange men and the Orange women, as well.

If you want to score with Ster, we have more than just sports for you. Multi-medial events, such as The Passion, King's Day, the Eurovision Song Contest and the Top 2000 always draw in millions of viewers and listeners. Your campaign will score with Orange.
